

IMaging-based CUSTOMised EYE diagnostics

Project ID: 779960

Funded under: H2020-EU.2.1.1. - INDUSTRIAL LEADERSHIP - Leadership in enabling and industrial technologies - Information and Communication Technologies (ICT)

Deliverable D.5.1

Hyperelastic-viscoelastic- anisotropic 3D Finite Element Eye Models

This project has received funding from the *European Union's Horizon 2020 research and innovation programme* under grant agreement No 779960.
